COMPUTER STUDIES
PAPER I
(THEORY)
JULY/AUGUST 2011
TIME 2 $\frac{1}{2}$ HOURS.

MUMIAS DISTRICT JOINT EVALUATION EXAM.

Kenya Certificate of Secondary Education (K.C.S.E.)

Computer Studies
Paper 1

INSTRUCTIONS TO CANDIDATES

- Write your **name** and **index number** in the spaces provided above
- This paper consists of **Two** sections **A** and **B**.
- Answer **ALL** questions in section **A**.
- Answer question 16 and any other **three** questions from section **B**.
- All answers should be written in the spaces provided on the question paper.

FOR OFFICIAL USE ONLY

SECTION	QUESTIONS	CANDIDATE'S SCORE
A	1-15	
B	16	
	17	
	18	
	19	
	20	
	TOTAL SCORE	

SECTION A (40 MARKS)

1. Define the following terms as used in computer software. (4mks)

a) Integrated software

.....
.....

b) Customized software

.....
.....

c) Software suite

.....
.....

d) Software patch

.....
.....

2. Distinguish between a word and wordlength as used in data representation. (2mks)

.....
.....
.....
.....

3. Perform the following binary arithmetic. (2mks)

1001011.011-111.111

.....
.....
.....
.....

4. What is printed by the following algorithm? (3mks)

```
X= 1
While x <= 8 do
    Y= 2x + (x*x)4
    Print y
    X = x + 2
End while
```

.....
.....
.....
.....

5. Define the following terms as used in Microsoft excel chart. (3mks)

a) data range

.....
.....

b) data series

.....
.....

c) data labels

.....
.....

6. a) List **three** characteristics of a primary key. (3mks)

.....
.....
.....
.....

b) What is a database model? (1 mk)

.....
.....

7. Name **three** disadvantages of telecommuting to the employer. (3mks)

.....
.....
.....
.....

8. List **three** duties of a database administrator. (3mks)

.....
.....
.....
.....

.....
.....
.....
.....

11. State **two** attributes of a monitor that affect its display and explain how the monitor is affected. (2mks)

.....
.....
.....
.....

12. Explain how the operating system controls the following resources (3mks)
- Processor

.....
.....

ii) Main memory

.....
.....

iii) Input and output devices

.....
.....

13. What is deadlock in reference to operating systems? (1 mk)

.....
.....

14. Describe any **four** editing features found in Microsoft word. (2mks)

.....
.....
.....
.....

15. Describe the following terms as used in desktop publishing. (3mks)

i) Master pages

.....

ii) Tracking

.....
.....

iii) Kerning

.....
.....

SECTION B

16. a) List **four** characteristics of first generation languages. (4mks)

.....
.....
.....
.....

- b) Write a pseudocode for a program that can accept the age of students and count the number of students in a class. The program should calculate the average age of the group of students if the data entry is terminated by the value 999. The program should print the number of students in the class and the average age of the students (6mks)

- b) Draw a flowchart for the psedocode above. (5mks)
