**Chair:** The next item of the agenda is the issue of bursaries. As we all know, every year we get

Ksh:200,000 to give to needy students in the district. We will therefore discuss the allocation

of these funds.

Mr. Ouma: What is there to be discussed about bursaries?

It shouldn't even be on the agenda. It is a total waste of time.

Chair: I thought we could discuss what amount each school should get and possibly...

Mr. Ouma: That is not necessary at all. The poor schools should get a lot of it while the rich schools get

very little. Simple. That is the way it should be done.

**Chair:** Ladies and gentlemen, let us look at this issue positively and let us not get carried away by

emotions. What do the others think?

Mr. Njiru: Mr. Chair, I think all schools have needy students. There are no poor and rich....

Mr. Ouma: You can't be serious Njiru.

Mrs Kipsang: For heaven's sake, Mr. Ouma, be sensible. We resolved that issue last year.

Mr. Kioko: I suggest that schools be informed about the availability of this money and the bursary

application forms be sent to them. Each school should be sent thirty forms and the

headteachers asked to issue the forms to needy students only, Mr. Chair.

**Chair:** I think that is a good solution Mr. Kioko. Any more suggestions?

Mr. Ouma: That will take ages to process. The schools may not respond in time.

Mrs: Kipsan	g: Why don't we give it a try? It seems to me quite a good idea.
Chair:	Have we all agreed on this or does anyone have something else to say? Ms. Naliaka, any suggestions?
Mrs. Naliaka	a: The idea is a good one and quite workable although this method may create other problems such as
