## Muungano KCSE Pre-Trial Exam

**441/3**

**HOME SCIENCE**

**PAPER 3 (Foods and Nutrition)**

**July 2017**

**1¾ Hours**

**CONFIDENTIAL**

### ***Instruction to schools***

Planning session      ½ hour

Practical session      1¼ hours

The practical Home science paper will consist of **one** test.

Schools will receive copies of the question in a sealed envelope a week before the examination.

On the day of the planning session, the teacher will open the question paper in front of the candidates and each candidate will be given a copy of the question paper.

**Turn Over**

1. Candidates will then be allowed 1½ hours in which to write in triplicate:
  - (a) Names of dishes chosen and plan of work,
  - (b) A list of ingredients and other requirements for the test.
    - Candidates must **not** take away with them a copy of the test or their plans of work.
    - On no account may the time plans and lists of the requirements be altered by anyone in the school.
    - One copy of the list of total ingredients and requirements should be handed to the Home Science teacher who will use it to make orders. The remaining copies and the time plans should be collected by the supervisor and sealed in an envelope for the head teacher to lock them up until the examination day.
    - No **one** else except the supervisor should be in the room during planning.
2. On the day of the examination, the question papers, plans of work, lists of ingredients and requirements with the candidates' names and index numbers, should be handed to the Home Science teacher who will examine the candidates. An external examiner will visit the school during the actual practical examination to assess 10% of the candidates in one school.
3. The candidates are to be allowed the use of **reference hooks**, both for preliminary planning and during the examination itself.
4. The time allowed for the practical will be 2½ hours. The written plans will be returned to the candidates at the beginning of the examination session.
5. On the day of the examination the perishable ingredients ordered by the candidates **must** be labelled and grouped under the candidates' names on a side table. All general ingredients and cleaning materials should be placed on another table so that candidates have access to all their requirements. Wherever possible, a small excess of ingredients and cleaning materials should be allowed.
6. Candidates should **not** start examinations before the scheduled time. However, grinding of spices grating of cheese, shelling of peas and beans may be done before the examination if it is stated in the plan of work.
7. Equipment should be checked before the examination day. There should be sufficient space and adequate equipment allowed for individual work by each candidate, i.e. at least **one** cooker per **two** candidates. A first aid box and a reliable clock should be provided.
8. The necessary supply of charcoal or other solid fuel should be available so that the candidates may have no difficulty in keeping the ovens hot and fires going. Any fires should be lighted before hand.
9. A monitor should be near the examination room in case the examiner wishes to consult him/her.
10. At the practical examination, each candidate **must** wear a label showing in bold letters, his/her full names and index number.
11. A special table and a section of the room should be prepared for the presentation of the tests. The following should be provided on a tray for the examiner's use:
 

*A knife, a fork, a teaspoon, tablespoon, a small jug or basin and a tea towel.*
12. All equipment, clean and dirty should be neatly piled at candidates' working places at the end of the test.
13. **No one** but the examiner(s) should be present in the examination room during the practical test. The examination room should be entirely at her/their disposal for at least 15 minutes before the examination and for at least 30 minutes afterwards. The examiner(s) will mark the test at the end of the 2½ hours.
14. The examination should be carried out within the Home Science rooms and surrounding areas. No candidates will be allowed to do their examination in the staff houses.
