Co-curricular activities encourage collaboration and help achieve goals

Aggressively going for a common goal with team mates and a team manager, teaches one how to shape a collective synergy and effectively communicate the best way to solve problems *en route* to victory. This will be very helpful when one encounters problems at place of work or at home.

Co-curricular activities boost self esteem

Realising that hard work pays off brings about self –confidence. Competing and winning in a co curricular activity inspires one to achieve in any other goal set. This is very exciting and rewarding.

Co curricular activities augment academic work.

Engaging in co curricular activities requires a lot of time and energy. Sports, drama and Music require skills of memorization, repetition and learning which are directly relevant to class work.
